

# Pencils for All – Educational Charity Newsletter

Issue 11 - October 2022

**It has been 11 years of hard work and joy! We are still able to provide help and support to social and educational institutions all over the world.**

*During the past 11 years we delivered help to 28 countries worldwide!*

**We dedicate our own time, skills and resources so that there are no administrative costs at all!**

***The summary of last year:***

**Sri Lanka.** The world pandemic made it impossible to deliver parcels outside Europe. Luckily, that is over now and we are able to continue our work. In August 2022 a huge parcel full of educational toys and teaching resources reached Children's Home run by Missionaries of Charity in Colombo. A

volunteering trip is planned for next year.

**Ukraine.** We are actively engaging in projects organised by other charities or individuals to support and help Ukraine.

Our financial donations were received by two Religious Orders working in Ukraine for many years.

**Cyprus.** Last August our pencils reached one of the primary schools in Paphos.

*Thank you very much for your donations and goodwill, they have enabled us to continue our work despite of obstacles and difficulties.*

If you would like to help you can do so by PayPal via our website - [www.pencilsforall.org](http://www.pencilsforall.org)
