

# Pencils for All – Educational Charity Newsletter

Issue 13 - October 2024

**It has been now 13 years of hard work and joy! We are still able to provide help and support to social and educational institutions all over the world.**

*Only within the last year we delivered help to 7 different countries such as: Armenia, Estonia, Malaysia, Moldova, Romania, Sri Lanka and Vietnam.*

**We dedicate our own time, skills and resources so that there are no administrative or travel costs at all!**

### ***The summary of this year:***

Few months ago, I took a suitcase full of toys, pencils and crayons and made another volunteering trip. This time to one of Sri Lanka's children's homes where I spend two weeks. During many International trips as travelling is my passion, I delivered small packages (always have them with me) to different educational settings (sometimes accidentally encounter) in countries listed above. *Iwona Macałka - chairwoman*

*Thank you very much for your donations and goodwill, they have enabled us to continue our work despite of obstacles and difficulties.*
